| SENATE EXPENSES | | |

Included in the above appropriations for house and senate expenses are funds for a legislative business per diem allowance, meals and other usual and customary expenses associated with legislative affairs. Except as provided below, this allowance is to be paid to each member of the general assembly for every day, including Sundays, during which the general assembly is convened in regular or special session, commencing with the day the session is officially convened and concluding with the day the session is adjourned sine die. However, after five (5) consecutive days of recess, the legislative business per diem allowance is to be made on an individual voucher basis until the recess concludes.

6,340,692

Members of the general assembly are entitled, when authorized by the speaker of the house or the president pro tempore of the senate, to the legislative business per diem allowance for each and every day engaged in official business.

The legislative business per diem allowance that each member of the general assembly is entitled to receive equals the maximum daily amount allowable to employees of the executive branch of the federal government for subsistence expenses while away from home in travel status in the Indianapolis area. The legislative business per diem changes each time there is a change in that maximum daily amount.

In addition to the legislative business per diem allowance, each member of the general assembly shall receive the same mileage allowance as state employees for each mile necessarily traveled from the member's usual place of residence to the state capitol. However, if the member traveled by a means other than by motor vehicle, and the member's

usual place of residence is more than one hundred (100) miles from the state capitol, the member is entitled to reimbursement in an amount equal to the lowest air travel cost incurred in traveling from the usual place of residence to the state capitol. During the period the general assembly is convened in regular or special session, the mileage allowance shall be limited to one (1) round trip each week per member.

The per diem allowance and the mileage allowance permitted under this paragraph shall be paid from the legislative council appropriation for legislator and lay member travel unless the member is attending an out-of-state meeting, as authorized by the speaker of the house of representatives or the president pro tempore of the senate, in which case the member is entitled to receive:

The legislative council may apply these travel policies and procedures to lay members serving on research, study, or survey committees or commissions that are under the jurisdiction of the legislative council. Notwithstanding any other law, rule, or policy, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency do not apply to members of the general assembly, to the staffs of the house of representatives, senate, or legislative services agency, or to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council (if the legislative council applies its travel policies and procedures to lay members under the authority of this SECTION), except that, until the legislative council adopts travel policies and procedures, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency apply to members of the general assembly, to the staffs of the house of representatives, senate, and legislative services agency, and to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council. The executive director of the legislative services agency is responsible for the administration of travel policies and procedures adopted by the legislative council. The auditor of state shall approve and process claims for reimbursement of travel related expenses

1 2

 The sums herein appropriated to Indiana University, Purdue University, Indiana State University, University of Southern Indiana, Ball State University, Vincennes University, Ivy Tech State College, and the Indiana Higher Education Telecommunications System (IHETS) are in addition to all income of said institutions and IHETS, respectively, from all permanent fees and endowments and from all land grants, fees, earnings, and receipts, including gifts, grants, bequests, and devises, and receipts from any miscellaneous sales from whatever source derived.

All such income and all such fees, earnings, and receipts on hand June 30, 2001, and all such income and fees, earnings, and receipts accruing thereafter are hereby appropriated to the boards of trustees or directors of the aforementioned institutions and IHETS and may be expended for any necessary expenses of the respective institutions and IHETS, including university hospitals, schools of medicine, nurses' training schools, schools of dentistry, and agricultural extension and experimental stations. However, such income, fees, earnings, and receipts may be used for land and structures only if approved by the governor and the budget agency.

The foregoing appropriations and allocations for fee replacement are for replacement of student fees deducted during the 2001-2003 biennium to cover bond or lease-purchase principal, interest, and other obligations of debt costs of facility construction and acquisition for those projects authorized by the general assembly. These fee replacement appropriations and allocations shall be allotted by the budget agency after receipt of verification of payment of such debt cost expense.

The foregoing appropriations to Indiana University, Purdue University, Indiana State University, University of Southern Indiana, Ball State University, Vincennes University, Ivy Tech State College, and IHETS include the employers' share of Social Security payments for university and IHETS employees under the public employees' retirement fund, or institutions covered by the Indiana state teachers' retirement fund. The funds appropriated also include funding for the employers' share of payments to the public employees' retirement fund and to the Indiana state teachers' retirement fund at a rate to be established by the retirement funds for both fiscal years for each institution and for IHETS employees covered by these retirement plans.

The treasurers of Indiana University, Purdue University, Indiana State University, University of Southern Indiana, Ball State University, Vincennes University, and Ivy Tech State College shall, at the end of each three (3) month period, prepare and file with the auditor of state a financial statement that shall show in total all revenues received from any source, together with a consolidated statement of disbursements for the same period. The budget director shall establish the requirements for the form and substance of the reports.

The reports of the treasurer also shall contain in such form and in such detail as the governor and the budget agency may specify, complete information concerning receipts from all sources, together with any contracts, agreements, or arrangements with any federal agency, private foundation, corporation, or other entity from which such receipts accrue.

Appropriation

All such treasurers' reports are matters of public record and shall include without limitation a record of the purposes of any and all gifts and trusts with the sole exception of the names of those donors who request to remain anonymous.

(1) All newborn infants shall be tested for the presence of a controlled substance in the infant's meconium if they meet the criteria established by the state department of health. These criteria will, at a minimum, include all newborns, if at birth:

- (A) the infant's weight is less than two thousand five hundred (2,500) grams;
- (B) the infant's head is smaller than the third percentile for the infant's gestational age; and
- (C) there is no medical explanation for the conditions described in clauses (A) and (B).
- 41 (2) If a meconium test determines the presence of a controlled substance in the infant's
- 42 meconium, the infant may be declared a child in need of services as provided in IC
- 31-34-1-10 through IC 31-34-1-13. However, the child's mother may not be prosecuted 43 44 in connection with the results of the test.

- tests on infants to detect the presence of a controlled substance.
- 13 (7) Each hospital and physician shall:
- 14 (A) take or cause to be taken a meconium sample from every infant born under the

SECTION 18. [EFFECTIVE JULY 1, 2001]

48 49

Utility bills for the month of June, travel claims covering the period June 16 to

June 30, payroll for the period of the last half of June, any interdepartmental bills for supplies or services for the month of June, and any other miscellaneous expenses incurred during the period June 16 to June 30 shall be charged to the appropriation for the succeeding year. No interdepartmental bill shall be recorded as a refund of expenditure to any current year allotment account for supplies or services rendered or delivered at any time during the preceding June period.

SECTION 19. [EFFECTIVE JULY 1, 2001]

The budget agency, under IC 4-10-11, IC 4-12-1-13, and IC 4-13-1, in cooperation with the Indiana department of administration, may fix the amount of reimbursement for traveling expenses (other than transportation) for travel within the limits of Indiana. This amount may not exceed actual lodging and miscellaneous expenses incurred. A person in travel status, as defined by the state travel policies and procedures established by the Indiana department of administration and the budget agency, is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service.

All appropriations provided by this act or any other statute, for traveling and hotel expenses for any department, officer, agent, employee, person, trustee, or commissioner, are to be used only for travel within the state of Indiana, unless those expenses are incurred in traveling outside the state of Indiana on trips that previously have received approval as required by the state travel policies and procedures established by the Indiana department of administration and the budget agency. With the required approval, a reimbursement for out-of-state travel expenses may be granted in an amount not to exceed actual lodging and miscellaneous expenses incurred. A person in travel status is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service for properly approved travel within the continental United States and a minimum of \$50 during any twenty-four (24) hour period for properly approved travel outside the continental United States. However, while traveling in Japan the minimum meal allowance shall not be less than \$90 for any twenty-four (24) hour period. While traveling in Korea and Taiwan, the minimum meal allowance shall not be less than \$85 for any twenty-four (24) hour period; while traveling in Singapore, China, Great Britain, Germany, the Netherlands, and France, the minimum meal allowance shall not be less than \$65 for any twenty-four (24) hour period.

In the case of the state supported institutions of postsecondary education, approval for out-of-state travel may be given by the chief executive officer of the institution, or the chief executive officer's authorized designee, for the chief executive officer's respective personnel.

Before reimbursing overnight travel expenses, the auditor of state shall require documentation as prescribed in the state travel policies and procedures established by the Indiana department of administration and the budget agency. No appropriation from any fund may be construed as authorizing the payment of any sum in excess of the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service when used in the discharge of state business. The Indiana department of administration and the budget agency may adopt policies

and procedures relative to the reimbursement of travel and moving expenses of new state employees and the reimbursement of travel expenses of prospective employees who are invited to interview with the state.

44 If any state penal or benevolent institution other than the Indiana state prison, 45 Pendleton correctional facility, or Putnamville correctional facility shall, in the 46 operation of its farms, produce products, or commodities in excess of the needs of 47 the institution, the surplus may be sold through the division of industries and farms, 48 the director of the supply division of the Indiana department of administration, 49 or both. The proceeds of any such sale or sales shall be deposited in the state treasury.

The amount deposited is hereby reappropriated to the institution for expenses of the then current year if approved by the director of the budget agency. The exchange between state penal and benevolent institutions of livestock for breeding purposes only is hereby authorized at valuations agreed upon between the superintendents or wardens of the institutions. Capital outlay expenditures may be made from the institutional industries and farms revolving fund if approved by the budget agency and the governor.

SECTION 26. [EFFECTIVE JULY 1, 2001]

This act does not authorize any rehabilitation and repairs to any state buildings, nor does it allow that any obligations be incurred for lands and structures, without the prior approval of the budget director or the director's designee. This SECTION does not apply to contracts for the construction or maintenance of roads and bridges, to the acquisition of rights-of-way for roads or bridges, or to the state universities supported in whole or in part by state funds.

SECTION 27. [EFFECTIVE JULY 1, 2001]

If an agency has an annual appropriation fixed by law, and if the agency also receives an appropriation in this act for the same function or program, the appropriation in this act supersedes any other appropriations and is the total appropriation for the agency for that program or function.

SECTION 28. [EFFECTIVE JULY 1, 2001]

The balance of any appropriation or funds heretofore placed or remaining to the credit of any division of the state of Indiana, and any appropriation or funds provided in this act placed to the credit of any division of the state of Indiana, the powers, duties, and functions whereof are assigned and transferred to any department for salaries, maintenance, operation, construction, or other expenses in the exercise of such powers, duties, and functions, shall be transferred to the credit of the department to which such assignment and transfer is made, and the same shall be available for the objects and purposes for which appropriated originally.

SECTION 29. [EFFECTIVE JULY 1, 2001]

The director of the division of procurement of the Indiana department of administration, or any other person or agency authorized to make purchases of equipment, shall not honor any requisition for the purchase of an automobile that is to be paid for from any appropriation made by this act or any other act, unless the following facts are shown to the satisfaction of the commissioner of the department of administration or the commissioner's designee.

- (1) In the case of an elected state officer, it shall be shown that the duties of the office require driving about the state of Indiana in the performance of official duty.
- (2) In the case of department or commission heads, it shall be shown that the statutory duties imposed in the discharge of the office require traveling a greater distance than one thousand (1,000) miles each month or that they are subject to official duty call at all times.

Appropriation

(3) In the case of employees, it shall be shown that the major portion of the duties assigned to the employee require travel on state business in excess of one thousand (1,000) miles each month, or that the vehicle is identified by the agency as an integral part of the job assignment. In computing the number of miles required to be driven by a department head or an employee, the distance between the individual's home and office or designated official station is not to be considered as a part of the total. Department heads shall annually submit justification for the continued assignment of each vehicle in their department, which shall be reviewed by the commissioner of the Indiana department of administration, or the commissioner's designee. There shall be an insignia permanently affixed on each side of all state owned cars, designating the cars as being state owned. However, this requirement does not apply to state owned cars driven by elected state officials or to cases where the commissioner of the Indiana department of administration or the commissioner's designee determines that affixing insignia on state owned cars would hinder or handicap the persons driving the cars in the performance of their official duties.
